

## TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every global trade. Transporting industrial goods takes place each and every day on our busy planet. Primarily innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained popularity following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread worldwide.

In 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the business is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM began building lift truck manufacturing sites outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures numerous models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
